

EDUCATION

Sri Eshwar College Of Engineering	B.TechCSBS	CGPA upto(3rd sem): 7.74	2024-2028
Keartiman Matriculation Higher Sec School	HSC	85.6%	2022-2024
Keartiman Matriculation Higher Sec School	SSLC	88.2%	2021-2022

INTERNSHIP:

MERN Stack Intern | Bytes Lab (Remote):

Duration: 1Month

I developed AgriRental, a scalable platform that helps farmers rent agricultural equipment efficiently, with features like listings, bookings, and user management. Built using modern web technologies and backend integration, it delivers a smooth user experience while addressing real-world agricultural challenges.

PROJECTS :

AI-Powered Multilingual Resource Management System for Early Childhood Education:

Developed an AI-powered system to manage and analyze multi-modal educational data (voice, video, and documents) for early childhood learning, enabling efficient data-driven insights. Implemented multilingual translation and intelligent content delivery to provide real-time, context-aware information for educators and stakeholders. Additionally, integrated predictive analytics to track learning patterns and personalize educational content, significantly improving student engagement and overall learning outcomes.

Infrastructure Intelligent Signal Control for Ambulance:

Developed an intelligent traffic system using IoT, AI, and mobile app to prioritize Ambulances by detecting proximity, sirens, and visuals, enabling real-time signal control. This reduces emergency response time and supports smart city.

EassyAcc – Offline Trading & Accounting Management App:

Developed a fully offline trading and accounting management application to handle sales, purchases, stock, payments, and financial tracking for small businesses. Implemented real-time ledger updates, cash and bank balance tracking, expense management, and profit/loss analysis using React, Vite, Tailwind CSS, and IndexedDB (Dexie.js). Designed a mobile-responsive interface with secure edit/delete operations using password confirmation and automated calculations for balances and transactions.

CERTIFICATIONS:

Certified in Programming in Modern C++	NPTEL	2025
Certified in C (Hands - On)	SKILLRACK	2025
Certified in SQL (Standard)	SKILLRACK	2025
Certified in Python Course for Beginners	SCALER	2025
Certified in Introduction to Java	SOLOLEARN	2025
Certified in Prompt Engineering	SCALAR	2026

ACHIEVEMENTS :

LeetCode	Solved 130+ problems Global Ranking - 1,195,225 Profile Link
CIT, Coimbatore	Second Runner Up in Coding Relay
SkillRack	Solved 1000+ problems Global Ranking - 28167 Profile Link
KPR engineering college	Finalists in PAPER PRESENTATION
Freshathon	Secured 5 th among 300+ Teams
CIT, Coimbatore	Secured 7 th place in Datathon 24hrs Hackathon
ZeroDay	Inter College Hackathon 5 th place among 50 teams

SKILLS :

Programming Language	Python C C++ Java
Web Terminologies	HTML CSS Javascript React.js Flutter
Tools & Platforms	GitHub Figma Canva Postman VS Code Vercel
Databases	MongoDB MySQL
